

## Using Social Media At Conferences

The ever-present cell phone and Blackberry don't have to distract from your conference experience—they can enhance it! Learn to use mobile technologies to facilitate your interaction with presenters, share opinions of a session, and meet others with similar interests. This workshop will orient you to the opportunities at CYFAR—from Twitter feeds, Facebook, and mobile-optimized agendas to Pecha Kucha, flash mobs and text (SMS) polls. Bring your mobile devices with you.
