• Survey Builder will re-open in July!

• Everything you need in 1 place
  • Create surveys with the required common measures instruments
  • Collect data from online and print surveys
  • Store datasets that include uploaded and directly inputted data
  • View progress and data reports
Survey Builder Update

• Webinars and Office Hours
• Survey Builder Demonstration:
  July 15 @ 3pm ET
• Evaluation Office Hours:
  June 24 @ 3pm ET
  July 20 @ 10am ET
  July 30 @ 2pm ET
CYFAR Evaluation Requirements

- Demographics, Participation & Engagement
- Program Quality
- Life Skills & Resilience
Why these measures?

Aligning with the goals of the CYFAR program, these measures capture elements of high quality programs that:

- Foster supportive relationships
- Create a safe environment
- Provide opportunities to learn and develop skills for both participants and staff
- Engage in activities that are directly related to program goals
Value of Qualitative Data
Cost-benefit Analysis

• Completed using data from all active grants in 2018

• Stylized analyses comparing per-participant costs with benefits at varying levels

• Example: Health
  Per person cost: $348.31
  Net benefit: $725.59
Thank you!
